

## **PRESS RELEASE** **20 July 2018**

### **All4Pack Paris** **“Let your talent take flight” with AFIFOR’s training schools**

Recruit your future packaging experts and meet training partners who are members of AFIFOR: AFI-LNR, Esepac, Grafipolis, Grenoble INP-Pagora, ISIP-CIFOP and the five-strong network of IUT engineering schools specializing in packaging.

**26-29 November 2018**  
**All4Pack Paris - stand 7 D 039**  
**Paris Nord Villepinte**

AFIFOR unites training organizations specializing in the paper, cardboard, packaging and biomaterials sectors. The network includes 14 centres (schools and apprentice training centres (CFAs)) scattered across France, all of which offer a range of qualification levels (from certificates of professional aptitude to engineering degrees).

Other members of AFIFOR include the apprentice training centre of Gérardmer, Startévo (formerly the AGFCPS) in Saint-Omer, Aire-sur-Adour High School and the SEPR.

At stand 7 D 039 of the All4Pack Paris fair, teachers, researchers, students and industry representatives will have the pleasure of welcoming professionals and young people to discuss their projects in the packaging sector: recruitment, training, skills development, etc.
