LGP2 - Conférences données dans des congrès à l'invitation du comité d'organisation - 2011

LGP2

1- CHIRAT C.

Transforming a kraft pulp mill into a biorefinery. Application for the production of bioethanol and bioproducts. 4th Annual Biorefining for the Pulp and Paper Industry, Barcelone (Espagne), 25-26 mai 2011

2- DUFRESNE A.

Extrusion of cellulosic nanoparticles based nanocomposites. Composites from Natural Resources, 241th ACS National Meeting & Exposition, Anaheim (Etats-Unis), 27-31 mars 2011

3- DUFRESNE A.

Processing of polymer nanocomposites reinforced with polysaccharides nanocrystals. 27th World Congress on the Polymer Processing Society, Marrakech (Maroc), 9-14 mai 2011

4- DUFRESNE A.

Country presentation: France. TAPPI International Conference on Nanotechnology for Renewable Materials, Workshop on International Standards for Nanocellulose, Arlington (Etats-Unis), 9 juin 2011

5- DUFRESNE A.

Nanoparticles and polymer nanocomposites from renewable resources. Workshop Internacional em Compositos e Nanocompositos Lignocelulosicos, Lavras (Brésil), 8-9 septembre 2011

6- DUFRESNE A.

Starch-based nanocomposites. 19th Annual BioEnvironmental Polymer Society Meeting, Vienne (Autriche), 28-30 septembre 2011

7- KADDAMI H., BENDAHOU A., DUFRESNE A., MAAZOUZ A.

Date palm source of cellulose nanofillers for polymer reinforcement. Summary of research work and prospects. 27th World Congress of the Polymer Processing Society, Marrakech (Maroc), 9-14 mai 2011
